

ZPB – Plastic Pipe Clamps

PLASTIC PIPE CLAMPS

ZPB plastic pipe clamps allow a quick, professional and convenient instalment of GX, BX or KX flanged nozzles onto manifolds. Using these clamps it's not necessary to weld nipples or use thick pipes, all you need is one hole in the pipe. ZPB body is made in PP reinforced glass fiber while screws and bolts are in stainless steel AISI 316 to assure a good corrosion resistance. VEA, VEC and VED flanged filters are available on request to prevent clogging.

Characteristics

- **Pipe size:** 1/2" – 1".
- **Material:** Glass filled PP, NBR.
- **Max pressure:** 8 bar.
- **Metal parts:** AISI 304.

Typical applications

- ✓ Pre-treatment for coating process,
- ✓ parts cleaning.
